

# BECOMING A LOVE & LOGIC PARENT

Do you want to raise kids who are respectful, responsible and fun-to-be-with? Sponsored by the Issaquah PTSA Council, the Challenger PTSA proudly presents the *Becoming a Love & Logic Parent Series*, where parents will learn practical and effective strategies that can be put into action as soon as they get home!

## BE THE BEST PARENT YOU CAN BE!

- Take the stress out of parenting and add more fun back into family life
- Learn how to discipline without lectures, threats and warnings
- Discover how to stay cool, calm and collected in front of your kids
- Find out how to make everything from chores to homework easier for everyone

The [Love and Logic®](#) approach to raising kids allows kids to safely and lovingly learn from the consequences of their actions, while building a positive adult-child relationship. Gain skills necessary to parent children of all ages. This seven week series will provide you the opportunity to learn with other parents and problem-solve with a trained professional, all while laughing!

## WELCOME MADELYN JANSMA, M.ED.

Madelyn Jansma is a former middle school teacher who is thoroughly enjoying her teenage children. She and her husband have lived in Sammamish for twelve years, and have been married for twenty. She has taught or volunteered at every level, from special education preschool to the state juvenile detention center, as well as having worked in hospitals for six years. Madelyn holds a B.A. in Education (math major, physics minor) and a Master's Degree in Secondary Mathematics Education. After integrating [Love and Logic®](#) principles at home and school, Madelyn attended the Love and Logic Institute in Colorado and became an Independent Facilitator in 2009. You can find out more about Madelyn at [healthyhappyfamilies.net](http://healthyhappyfamilies.net), and read what other parents have to say after taking this series.
