

## Angel Program

The Angel Student Assistance Program is a confidential behind-the-scenes program. Made possible by the donations by the IMS Community. With the help of the IMS Counselors this program gives small financial support to these students and their families during tough times. Our donations are down so please help!

IMS has the great fortune to partner with Strideline socks to raise money for our Angel Program at IMS.

These super cool socks have been specifically designed for IMS by the creative and generous team at Strideline.

These popular socks normally sell for \$17 in the store but our unique designed socks are only **cost \$7** and all **proceeds** go to **IMS' Angel Program**.
